

BHARATH M

CYBERSECURITYANALYST

+91 8667234249 bharath0663781@gmail.com Dharmapuri Bharath Murugan AdolfBharath

PROFILE

Engineering student with a strong computer science foundation and a focused interest in cybersecurity. Demonstrates strong analytical thinking, problem-solving ability, and adaptability to emerging technologies. Committed to advancing secure system development and proactive threat mitigation while continuously expanding expertise in cybersecurity.

EDUCATION

Sri Shakthi Institute of Engineering and Technology - Coimbatore

Bachelor of Engineering (B.E) in Computer Science & Engineering (Cybersecurity) 2023 - 2027

- CGPA : 7.09*

Senthil Matric Hr. Sec. School - Dharmapuri

- SSLC : 100 %
- HSC :81.67%

TECHNICAL SKILLS

- Python
- Git , GitHub
- Burp Suite
- TensorFlow
- Basic Java
- Linux
- Network Security
- Supabase
- C,C++
- Wireshark
- Ethical Hacking
- SEIM basics
- Bash
- nmap
- MySQL , MongoDB
- Blue Teaming Fundamentals

PROJECTS & IMPLEMENTATIONS

Deepfake Technology Detection

- Fine-tuned the EfficientNet-B5 architecture with optimized preprocessing (image resizing, normalization, and augmentation) to achieve a model accuracy of approximately 92–95 percent within 15 epochs, supported by early stopping with a patience level of 7.
- Developed a lightweight Gradio-based user interface enabling real-time image upload and inference, displaying deepfake prediction and confidence scores with an overall system performance accuracy of above 90 percent in practical evaluation.

Automated Vulnerability Web Scanner

- Developed an automated vulnerability scanner integrating OWASP ZAP and Dependency-Check to detect SQL injection, XSS, and insecure dependencies.
- Conducted both automated and manual penetration testing in controlled environments.
- Strengthened application security by validating and analyzing identified vulnerabilities.

CERTIFICATIONS

- Responsive Web Design – freeCodeCamp (300 Hours) 2025
- Endpoint Security – Cisco Networking Academy (22 Hours) 2024
- Linux 100: Fundamentals – TCM Security (6 Hours) 2024
- Introduction to Cyber Security – Cisco Networking Academy (6 Hours) 2023

ACHIEVEMENTS

- Secured 19th Rank in Capture The Flag (CTF) competition conducted by Jamal Mohamed College. 2026
- Achieved 33rd Rank in L3MON CTF organized by Amrita College. 2025
- Secured Top 40 Rank in root@w4r CTF conducted by PSNA College of Engineering and Technology. 2025
